Carolyn,

I received the Bill of Sale today and the paper work needed to register the car. Also, thanks for calling the LA MV about the no title needed. It's always an adventure and lots of time involved in getting everything legit.

Also, I wanted to express my appreciation in your company paying the difference in the shipping fee. That was certainly enough for a nice crawfish boil and plenty of beer. I also appreciate your keeping in contact with me because it's not everyday that one purchases a car sight unseen but with Andy's information and the professionalism of your company it was an enjoyable experience. The car looks better in person although who ever took the pictures of the car did a great job. Give my regards to Andy and hope you guys have a great weekend.

Sincerely,

Will J.
